

**Saint Mary's University
School of the Environment Presents:**

***Natural solutions: how Canada can
fight climate change and wildlife loss***

Megan Leslie

President and CEO, World Wildlife Fund Canada

Wednesday October 28 at 5pm

Please register in advance for the webinar at:

https://zoom.us/webinar/register/WN_RqB1p2BeQ_-ZhXz7jWxsnw

You will receive a confirmation email containing information about joining the webinar.

For further information, please contact environment@smu.ca

Note: interpreting and/or CART will be provided if requested by October 23rd

Prior to joining WWF, Megan Leslie was a Member of Parliament and represented Halifax for two terms. As a passionate environmentalist, she was proud to hold the roles of environment critic for the Official Opposition and vice-chair of the government committee on environment and sustainable development. Megan is a Senior Policy Fellow at the Munk School of Global Affairs & Public Policy, University of Toronto, and holds a LL.B. from Dalhousie University and an honorary degree from Mount Saint Vincent University.
